

## CONTROLLER OF KING'S HOUSEHOLD SCORED BY JUDGE IN COURT

Lord Saye and Sele Linked  
With British Canteen Scan-  
dal by Convicted Officer.

LONDON, May 27.—Scathing remarks were uttered to-day by Justice Darling in reference to Lord Saye and Sele, Controller of the King's Household and a direct descendant of one of the twenty-five Barons entrusted with the enforcement of Magna Carta. The incident occurred at the Old Bailey, where sentence was pronounced to-day on the nine British army officers and eight civilian employees of Lipson, Limited, who were charged with conspiracy to offer or accept bribes in connection with the allotment of army contracts.

Lieut.-Col. Whitaker of the Second Yorkshire Regiment, the highest in rank of the prisoners, was sentenced to six months' imprisonment. Whitaker pleaded for mercy. The veteran, who has served in the British army for thirty-eight years, broke down and said he had acted on the persuasion of Col. Finnes, now Lord Saye and Sele, who was then Lieut.-Colonel of the Royal Scots Fusiliers.

Justice Darling, referring to Col. Finnes's letter which Whitaker declared led him astray, said:

"The letter shows sad decadence from the traditions of a great family. I myself if I belonged to such a family would starve rather than get my living by cadging for orders for beer."

Finnes's letter had invited Lieut.-Col. Whitaker to use his good offices in behalf of a firm of brewers. By his position as Controller of the King's household Lord Saye and Sele is a member of the British Government.

John Canfield, general manager and director of Lipson, Limited, and Archibald Minie, formerly head of the military department of the same firm, were each fined \$2,000. The six lesser civilian defendants were fined \$100 each. The other military defendants were bound over to come up for judgment if called upon.

The Attorney-General, in closing the case for the prosecution remarked that it was only fair to Sir Thomas Lipton to say that so far as the prosecution knew there was no document and no evidence which suggested in the slightest degree that anyone besides those who had been brought before the Court should be prosecuted.

## PUPILS CALL AT CITY HALL.

One Hundred from Public School No. 101 Get Outing for Good Conduct.

One hundred school girls of Public School No. 101 at One Hundred Eleventh street near Lexington avenue, accompanied by their teachers, of the Sunshine Civic League, of the Juvenile League Department of Street Cleaning, were out on a holiday on Staten Island to-day as a reward for cleanliness and good behavior, and on their way to the Staten Island ferry stopped in the City Hall to pay their respects to Mayor Mitchell.

## DEAD WOMAN AND BOY FOUND FLOATING IN RIVER

Picked Up at Different Points and  
Persons With Missing Rela-  
tives Are Notified.

The bodies of a woman and a boy, found in the East River at different points, are in the Brooklyn Morgue, where several persons who had reported missing relatives to the police have been notified to view them, although both had been in the water

so long that there seems small chance either can be recognized.

The woman's body, clothed in only a skirt and waist, is that of a person about forty years old, five feet two inches in height and weighing about 120 pounds. It was found last night off Conover street.

The body of the boy, about fourteen years old, had only a pair of shoes and stockings on it, and a plain gold ring on a finger of the left hand was found off South Third street. Both bodies had been in the water from four to six months.

The woman's body somewhat fitted the description of Mrs. Yetta Finklestein of No. 446 Wyona avenue, who disappeared on Dec. 9.

## A WORD TO WOMEN

Weakness or irregularities of a distinctly feminine nature soon make women look old—and feel old.

Will make a new woman of you—aiding you in finding your former health and strength. Brings sparkle to the eyes and pink cheeks. Cures foot and black circles are eradicated.

## Arnold Bennett Has Written—

"American enterprise finds business profit in improving the standards of existence and appealing to the pride of common folk."

Mr. Bennett might have written this in the cool Salons where

## Wanamaker-Endorsed Pianos and Player-Pianos

are displayed, waiting selection by men and women who want TO LIVE. For there is no complete harmony in life without good music.

What are YOU going to do for music this Summer?

What are your children—for whose standard of existence you are responsible—going to do?

## Please Remember Two Facts—

(1)—The pianos and player-pianos in the Wanamaker Salons are art-built, to produce good tones, to last, to give service. Each bears its own time-honored name, and there is no other instrument to compare with it at the fixed price set upon it.

(2)—Any one of good reputation will find us willing to extend every reasonable accommodation in the matter of time for payment.

Pianos, \$220 to \$1,350

Player-Pianos, \$395 to \$1,650

There is no need to let another day go by without music. Come and select the instrument you would like, tomorrow.

## With Fels-Naptha Soap the drudgery of washday vanishes. Did you know that

Anty Drudge Helps Others

Anty Drudge—"No, indeed! I'm never too tired to do a favor for you or anybody else, Mrs. Hardwork. For years I couldn't have said that, for I was tired all the time, and tired on washdays; but I have used Fels-Naptha Soap. The only regret I have is for the years I didn't know about it, and went around worn out and disgraced because I was too tired to be pleasant. I have time now to do things for myself and other people."

in twenty-five years a woman washes through a pile of clothes 1000 times her size? Sounds big enough to frighten you, doesn't it? But you needn't be frightened if you know the way to do it right.

By using Fels-Naptha Soap you can do these things: You can get through in half the time it used to take; you can use cool or lukewarm water, because it works best in that; you can throw away your washboiler, because clothes washed with Fels-Naptha Soap don't need boiling; you can save your hands, because the clothes won't need hard rubbing.

and Green
